AM JACHTHAFEN

HISTORY

For over 100 years, the Jachthafen has enchanted its guests in the stately rooms with a unique view of the Elbe. According to the plans of the famous Hamburg architect Fritz Schuhmacher, the marina was built as a brick building in the Heimatstil.

The passionate sailor Kaiser Wilhelm II was already fascinated by this and so he inaugurated the "Old Hamburg Yacht Club" in 1914. However, the villa was not only used as the club house of the yacht club, but was also available for the workers of the petroleum harbor as a coffee house.

Among other things, the extraordinary location of the marina is a highlight: Situated on the edge of the harbor on the southern bank of the Elbe, the villa offers a unique setting to celebrate undisturbed.

To arrive in style and hanseatic, we organize a launch exclusively for you and your guests.

Start with a short sightseeing tour beginning at the Landungsbrücken, sail relaxed over the Elbe and enjoy the ride.

After about an hour of extensive harbor tour, the boat trip is over and the launch docks at our pier Bubendey-Ufer. After only a few minutes walk you have reached your destination and the celebration can begin.

THE ARRIVAL

AHOI

Before the white gates open invitingly for the bridal couple and their guests, you are greeted on the way by the typical container landscape of Hamburg.

Once passed, the imperial manor house stretches out before you in all its glory. The large garden invites you to arrive and receive your guests in a relaxed atmosphere.

At the top of the garden you can enjoy a magnificent view of Teufelsbrück and with a little luck, you can watch a cruise liner on its journey.

You can not receive your guests more Hanseatic!

THE LOCATION

CELEBRATE IN STYLE
IN AN ELEGANT
AMBIENCE

After you and your guests have entered via the Red Carpet, you can make yourself comfortable and leave your coats at the checkroom.

Our service staff, standing in a trellis, will be waiting to serve you a refreshing reception drink.

As soon as you and your guests have taken your seats, our waiters will start with the beverage service, so that you are fully catered for.

An introduction to the atmospheric evening begins...

FREE WEDDING CEREMONY

SAY YES!

Start your future together with a free wedding ceremony. The special thing about a free wedding ceremony are the various design options, which leave enough room for wishes and individuality.

Bright sunshine, an enchanting view of the Elbe and the sound of the waves lapping against the shore as gentle background music will crown your ceremony. Together we create a very special moment that you and your guests will remember for a long time. Your start into married life together will find an unforgettable milestone in the free wedding ceremony, which will be just as individual as your future together.

When the bridal couple ceremoniously opens the Kaiser Wilhelm Hall, the guests are amazed. Behind the heavy doors, there is a unique setting that cannot be found anywhere else.

High ceilings, white columns and huge chandeliers contribute to a solemn atmosphere that will give your wedding an appropriate dignity.

Whether elegant, playful or opulent - no matter which theme you choose, the marina underlines every wedding in the right way with its special flair and ensures an individual feel-good atmosphere.

One thing is certain: there are few rooms that have witnessed as many emotions as our Seglerstube.

The "Seglerstube" is often used for a reception in the dry, in case the bad weather in Hamburg has struck again spontaneously.

If the free wedding ceremony falls into the water, up to 100 guests can be seated in the Seglerstube. At a later hour, the Seglerstube turns into a real party den in no time at all.

SEGLERSTUBE

VARIETY WITH A VIEW

After many emotional moments and a delicious dinner it's time to shake a leg.

If you want to take a short break, cool off at the bar and enjoy the relaxed get together with a delicious drink. The blazing fire from the fireplace crackles homely in the background.

If you want to get some fresh air, just take a step outside the door and enjoy the magnificent view of the Elbe River.

There is no better feeling of Hamburg.
